Supplementary Information

Further resources*

**General**

There are some video tutorials of techniques available through the University of Dundee, School of Dentistry covering; “how to” for Selective Caries Removal, ART, the Hall Technique and techniques for placing glass ionomer fissure sealants. [https://www.youtube.com/c/DundeeDentalSchool/videos](https://www.youtube.com/c/DundeeDentalSchool/videos)

For permanent and primary teeth in children, indications/contraindications and more information can also be found in the full guidance version of the Scottish Dental Clinical Effectiveness guideline [https://www.sdcep.org.uk/published-guidance/caries-in-children/](https://www.sdcep.org.uk/published-guidance/caries-in-children/). Section 10 also provides a guide on how to carry out most of the procedures covered here.

**Silver Diamine Fluoride**

A guide to the use of SDF can be found in this British Dental Journal article [https://www.nature.com/articles/s41415-020-1203-9](https://www.nature.com/articles/s41415-020-1203-9)

ADA video on placement of SDF [https://youtu.be/a0HH7GifdM4](https://youtu.be/a0HH7GifdM4)

US IHS video on placement of SDF [https://youtu.be/aTDFAYxBbus](https://youtu.be/aTDFAYxBbus)

A video on the use of the SDF in children [https://youtu.be/7aiyiRnXhQE](https://youtu.be/7aiyiRnXhQE)

Resources with patient information leaflets and Standard Operating Procedures can be found on the British Society for Paediatric Dentistry website [https://www.bspd.co.uk/Professionals/Resources](https://www.bspd.co.uk/Professionals/Resources)

**Hall Technique**

A video showing use of the Hall Technique in children [https://youtu.be/ndxQEDw0rAM](https://youtu.be/ndxQEDw0rAM)

**Atraumatic Restorative Treatment**

* Although not always the most reliable source of information, with the support of Cochrane and the Wikipedia Editing Collaboration of Dental Schools, much of the information on Wikipedia related to Dentistry is being updated and the pages for ART and SDF have recently been added and contain useful links. Please note that these are open for all to edit so are subject to non-peer reviewed changes.
