

Vision Statement

To make communities safer and inspire others to support innovative violence prevention efforts and programmes.

Mission Statement

We create safer communities by partnering law enforcement with area hospitals and community organizations, identifying violent injuries, and implementing violence prevention programmes.

Core Values

Our core values include:

- **Commitment:** We are committed to creating a safer community.
- **Change Agents:** We strive to embrace and drive change through teamwork and by including others in our violence prevention efforts and programmes, inviting new organizations to join our partnership, and leading the community in violence prevention.
- **Accountability:** We value providing high quality public service through violence prevention efforts and programmes where we are accountable to the public, our partnership, our organizations, our fellow coworkers and ourselves.
- **Integrity:** We value integrity in our conduct and within our partnership.
- **Professionalism:** We value a professional workforce, one that is knowledgeable, competent, confident and respectful.
