Research question

To what extent has the BSL (Scotland) Act 2015 had a positive effect on the education of deaf children and young people in Scotland in their use of BSL?

What did deaf people want?

- **Initial findings**
  - All (hearing) pupils to learn BSL at least to Level 1 / BSL to be a taught subject
  - More deaf schools to give deaf children more choice
  - Increase number of qualifications deaf children have when finish education
  - Improve quality of communication support professionals working in education
  - Prevent abuse of deaf children (3 to 4 times more likely to be abused than non-deaf)
    - Need to find out what type of abuse being referred to here
    - Language deprivation?

Aims to promote use and understanding of BSL (section 1(1))

Requires the Scottish executive to prepare and publish a national plan in relation to BSL (section 1(2)), which is expected to set out Scottish Government’s BSL strategy (section 1(3)(a)).

Requires public authorities, defined as ‘any body or office-holder (other than Scottish Ministers themselves) which is Scottish public authority with mixed functions or no reserved functions’ (section 7)

- to prepare and publish own BSL plans (section 2(1))
- setting out measures to be taken in relation to the use of BSL (section 2(2)(a))

Only three points about deaf children
Organisations not asked to make their own plans: SQA (exam board), Scottish Funding Council, Education Scotland, General Teaching Council of Scotland all argued that they comply with Equality Act 2010 so do not need – was accepted.

But these organisations all have Gaelic Language plans.

Evidence of lobbying from consultation at stage 2 of Bill.

A few points each in the National Plan.
Examples of BSL plans

Colleges and universities
- Equality Act (2010) determines how deaf students are monitored, so language preferences / uses not included
- Some progressive plans
- More commitment to employ qualified BSL interpreters
- BDA work on apprenticeships with Skills Development Scotland
- University of Edinburgh plan comprehensive

Local authorities
- Many use the same template from COSLA
- Extreme caution and wait for government money and advice
- Some evidence of conflict (e.g. Perth)
- Wide consultation in some areas (e.g. Ayrshires)
- Deaf students / ToDs often uninvolved (e.g. Midlothian)
- Promote use of SSE (Glasgow)

4. Short summary of the plan

to contribute their ideas and suggestions to shape the start of Edinburgh College’s Action Plan.
By 2024, we will:

[17 & 18] Help the Scottish Government with their work to find out the level of BSL held by teachers and support staff working with D/deaf and Deafblind pupils in schools. We will use any new guidance for teachers or support staff working with pupils who use BSL.

Currently within Perth and Kinross Hearing Support staff hold mandatory BSL qualifications at the required level. Education & Children’s Services can provide appropriate BSL support to meet the needs of pupils using BSL. We note that BSL community members would like the level of qualification to be higher.

Language use in school: Deaf school teachers who use fluent BSL

BSL-using deaf qualified school teachers

Six deaf BSL using teachers in Scotland: 4 since BSL Act in 2015
None are BSL subject specialists

SQA needs 20 qualified secondary BSL teachers before it will have resources to produce and run National 5 and Higher BSL qualifications

Proposed Primary Education with BSL starts 2023 University of Edinburgh
Potential for a 1 year PGDE route to secondary BSL teaching
The right to take exams in BSL

Unique system in Scotland: the right to have a BSL exam paper in any subject except English, and to respond in BSL.

Numbers of deaf BSL users in SQA exams

Requests – SQA administrative data
SQA BSL units have been created

SCQF 3
SCQF 4
SCQF 5 – similar to Signature level 2
SCQF 6 – similar to Signature level 3

Creating a National 5 or a Higher examination needs about 20 qualified subject specialist school teachers
Proposal from deaf education field: 50% of teachers of deaf children should have SCQF 6 or above by 2026.

Civil servant response: This all needs changed back to current level BLS level 1 and meet the child’s need

Education civil servants: competencies for teachers of deaf children
Lack of engagement with BSL Act and Plan
Lack of knowledge about BSL
Need to explore why

Johnson & Johnson, 2015
Very slow change in the school system

COSLA and civil servants did not want to spend money on BSL users

Attitudes towards disability prevented them seeing language rights

ToD profession changing - Deaf president of BATOD, Deaf Studies course at University of Edinburgh

Prospect of more fluent ToDs and BSL teachers from 2024 onwards
