WHY USE STOP MOTION ANIMATION?

SMA is associated with higher levels of learning in Bloom's taxonomy (Tabor & Minch, 2013)

Students learn and recall information more effectively when they engage different senses (Ernst, M.O. & HH Bulthoff, 2004)

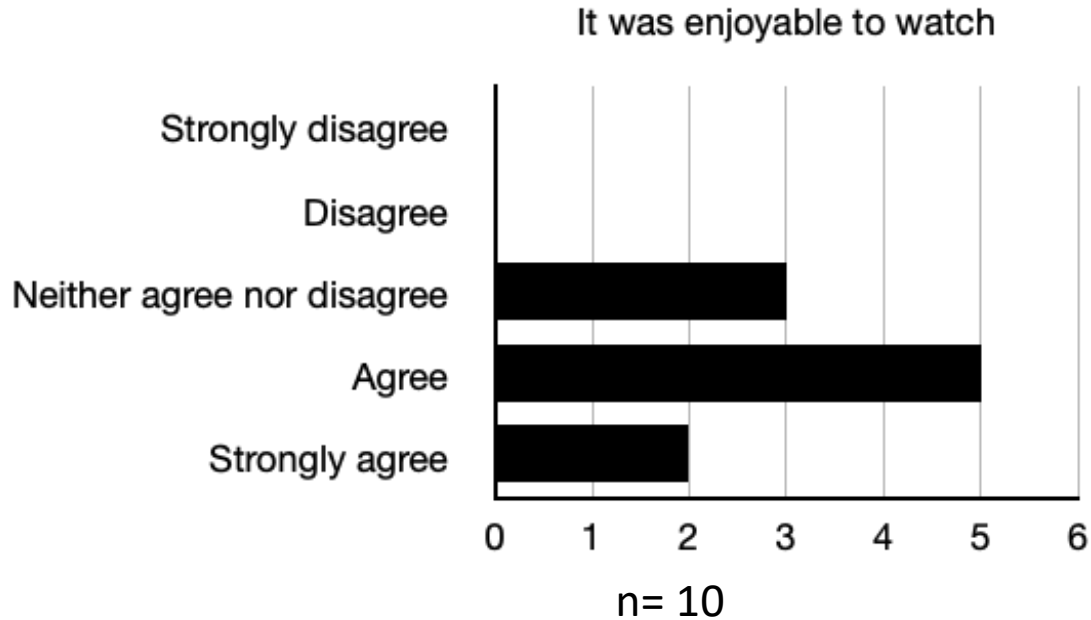

SMA offers tactile, audio and visual learning

WHAT DID WE FIND?

“ENJOYABLE”

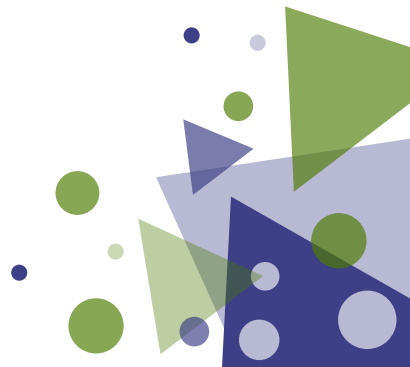

Found it enjoyable - 70%

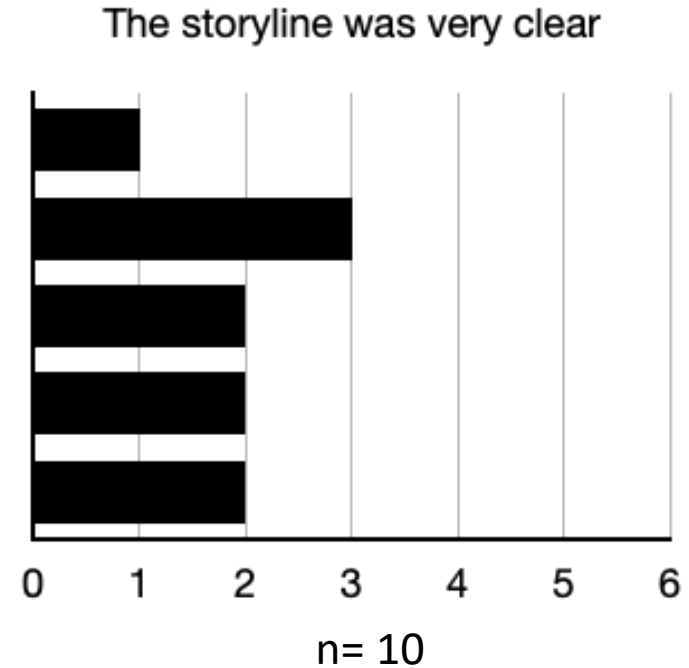

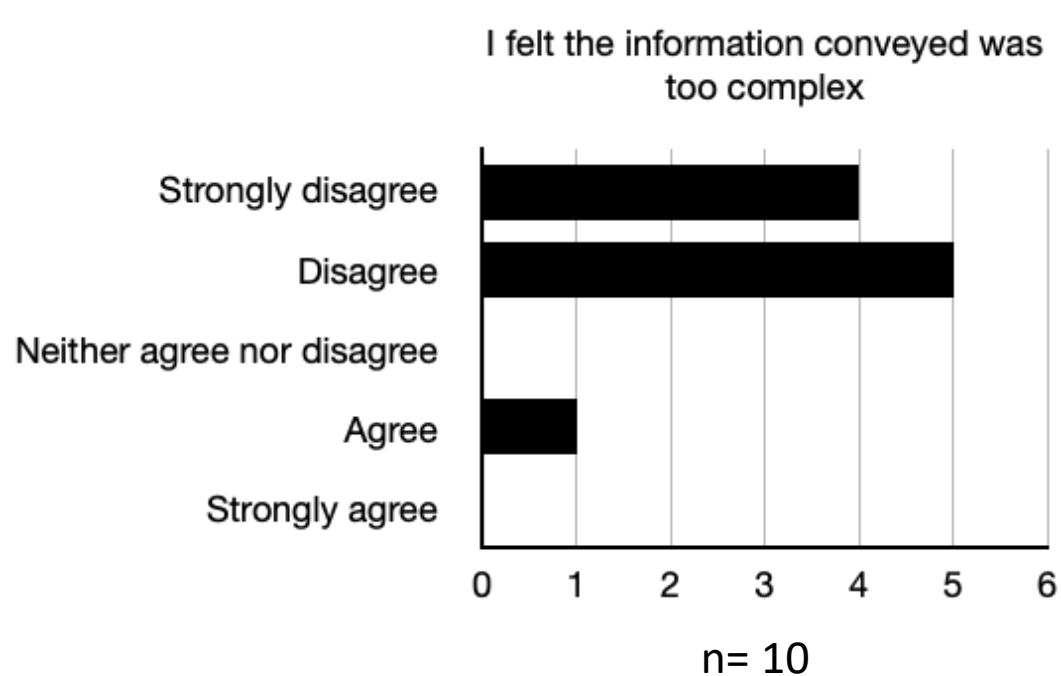

Enjoyed learning using stop motion - 80%

Found it entertaining - 70%

Overall, participants thought the video was informative (60%) and found the content visually appealing (80%).

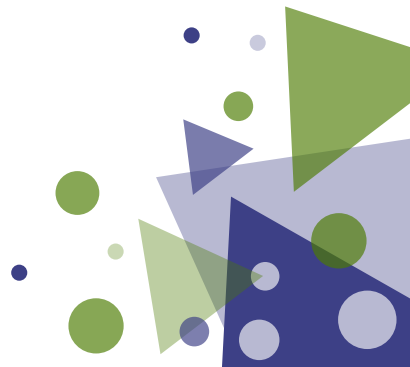

“CONFUSING”

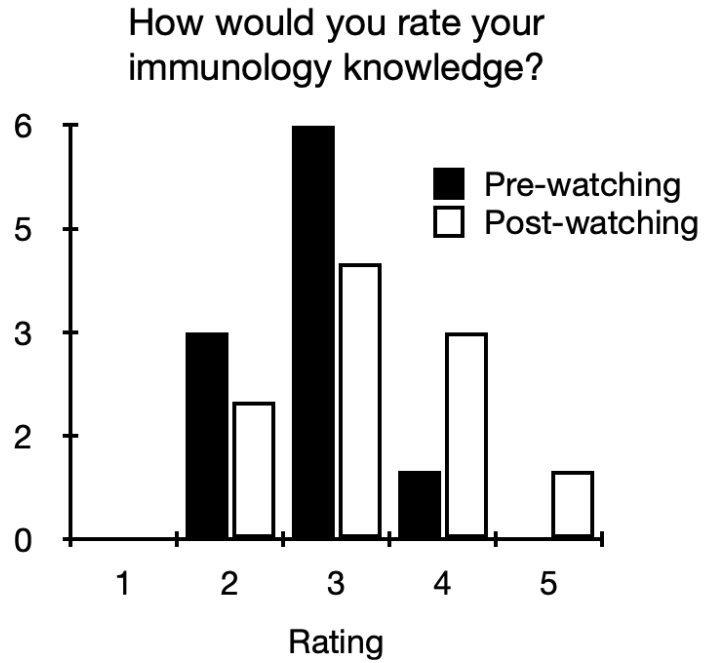

Did not think info was complex - 90%

Divided opinion on whether storyline was clear

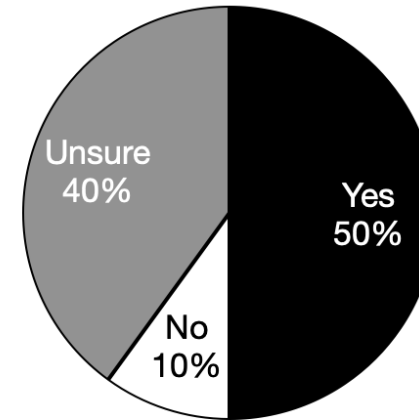

How to improve: provide more context

“HOW STUDENTS LEARN”

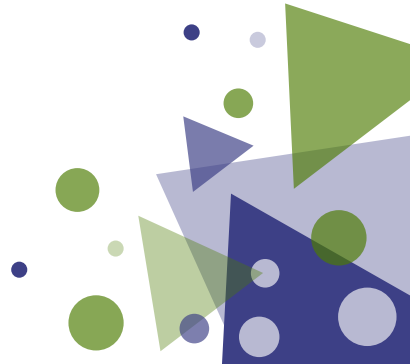

Would you like to see more stop-motion video animations for other topics as adjunctive resources to your lectures/CBL cases?

Good learning tool- 70%

Would like more videos – 50%

Knowledge improved after watching

**HOW CAN YOU CREATE YOUR
OWN VIDEO?**

STORYBOARDING & PLANNING

MODEL & SET CREATION

FILMING

EDITING

The 6 steps for creating your own stop motion animation

IDENTIFY TOPIC

Find a need or a gap in curriculum and/or delivery

This could be a simple or 'challenging to understand' topic or one where you wish to engage learners using another method.

BUILD A TEAM

STORYBOARDING & PLANNING

Will it be a substitute for a teaching event, or an adjunctive resource?

MODEL & SET CREATION

FILMING

EDITING

Having a team might help creativity

Different team members can have different skills and interests

Consider having students in the team

Invite “externals”

This will likely be the longest stage of resource creation

FILMING

EDITING

Remember the skills available within your team
Stop motion can be created using any materials

Clay

Paper/cardboard

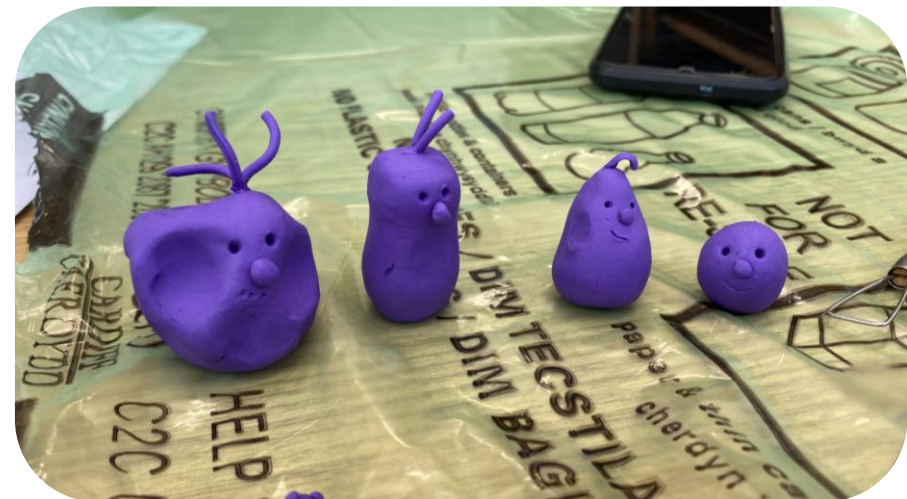

Yarn

Household items

Toys

Your hands

Don't forget to be flexible!

MODEL & SET CREATION

FILMING

EDITING

Filming will be fun, but it will take time

You will need a lot of photos for just a few seconds of video

Things to consider for your set:

Lighting

Background

Camera position

Accessibility
